1	***Metadata***	Note: average (mean) sound level. *[mean_sound_level]*		***sensor_statistic***
2	***Metadata***	Note: standard deviation of sound level *[sd_sound_level]*		***sensor_statistic***
3	***Metadata***	Note: average (mean) of team that sounds levels very low. *[pct_quiet]*		***sensor_statistic***
4	***Metadata***	Note: average (mean) of team that a conversation was detectable (experimental). *[pct_conversation]*		***sensor_statistic***
5	***Metadata***	Please select if you are familiarising yourself with the tool or it is actual data collection *[testing]*	= Test (Familiarising myself with the tool) 1.0 = Actual data collection (I am in the field interviewing respondents)	***Single select***
6	***Metadata***	Enumerator Name *[enumerator_name]*	[Coded list of field staff; names withheld]	***Single select***
7	***Metadata***	Supervisor Name *[supervisor_name]*	[Coded list of field staff; names withheld]	***Single select***
8	***Metadata***	Household ID *[hhid]*	_____ *(Text)*	***Text***
9	***Metadata***	Did someone answer the phone? *[answer_the_phone]*	1.0 = Yes = No	***Single select***
10	***Metadata***	What was the issue? *[answer_the_phone_issue]*	1.0 = No one picking 2.0 = Phone switched of/out of coverage 3.0 = Number not existing	***Single select***
11	***Metadata***	What was the outcome of that engagement? *[engagement_outcome]*	1.0 = Successful (-> start survey) 2.0 = Respondent deceased 3.0 = Language barrier 4.0 = Busy, asked to be called back 5.0 = Busy, schedule a call back 6.0 = Refused to answer 7.0 = Wrong number	***Single select***
12	***Metadata***	What is the main language that the respondent speaks? *[language_barrier]*	1.0 = Somali 2.0 = Arabic 3.0 = Other (Please Specify)	***Single select***
13	***Metadata***	Please Specify (Language) *[language_barrier_oth]*	_____ *(Text)*	***Text***
14	***Metadata***	Which language do you prefer to use during the survey ? *[a_survey_language]*	1.0 = English 2.0 = Swahili 3.0 = Somali 4.0 = Pokomo 5.0 = Orma 6.0 = Other (Please Specify)	***Single select***
15	***Metadata***	Please Specify (Language) *[a_survey_language_oth]*	_____ *(Text)*	***Text***
16	***Metadata***	Based on our records, we have a list of children registered under ${caregiver_name}'s care. I'm going to read their names; could you please confirm if they are all currently living in your household *[a_children_in_hh]*	= ${child_name0} 1.0 = ${child_name1} 2.0 = ${child_name2} 3.0 = ${child_name3} 4.0 = ${child_name4} 5.0 = ${child_name5} 6.0 = ${child_name6} 7.0 = ${child_name7} 8.0 = ${child_name8} 9.0 = ${child_name9}	***Multi select***
17	***Metadata***	Of the children living in your household, which ones are currently enrolled in grade 3, 4, 5 or 6? *[a_children_in_grade_4_6]*	= ${child_name0} 1.0 = ${child_name1} 2.0 = ${child_name2} 3.0 = ${child_name3} 4.0 = ${child_name4} 5.0 = ${child_name5} 6.0 = ${child_name6}	***Multi select***

			7.0 = ${child_name7} 8.0 = ${child_name8} 9.0 = ${child_name9}	
Grade Collection for Ineligible Children in the Household				
18	***Grade Collection for Ineligible Children in the Household***	What is the grade for ${selected_child_name}? *[grade]*	1.0 = Grade 1 2.0 = Grade 2 3.0 = Grade 3 4.0 = Grade 4 5.0 = Grade 5 6.0 = Grade 6 7.0 = Other	***Single select***
Metadata				
19	***Metadata***	Of the children living in your household and enrolled in grades 3 through 6, which ones are currently under your care? *[a_is_actual_caregiver]*	= ${child_name0} 1.0 = ${child_name1} 2.0 = ${child_name2} 3.0 = ${child_name3} 4.0 = ${child_name4} 5.0 = ${child_name5} 6.0 = ${child_name6} 7.0 = ${child_name7} 8.0 = ${child_name8} 9.0 = ${child_name9}	***Multi select***
20	***Metadata***	Of the children that you are not caring for, do you have contact information (phone number and name) for their current caregivers? *[a_alternative_caregiver_contact_available]*	= ${child_name0} 1.0 = ${child_name1} 2.0 = ${child_name2} 3.0 = ${child_name3} 4.0 = ${child_name4} 5.0 = ${child_name5} 6.0 = ${child_name6} 7.0 = ${child_name7} 8.0 = ${child_name8} 9.0 = ${child_name9}	***Multi select***
21	***Metadata***	What is the name of the caregiver of ${child_name}? *[a_alternative_caregiver_name]*	_____ ***(Text)***	***Text***
22	***Metadata***	What is the phone number of ${a_alternative_caregiver_name}? *[a_alternative_caregiver_phone]*	_____ ***(Text)***	***Text***
23	***Metadata***	Enter the phone number again. *[a_alternative_caregiver_phone_check]*	_____ ***(Text)***	***Text***
24	***Metadata***	Is the ${a_alternative_caregiver_name} currently available? *[a_alternative_caregiver_availability]*	1.0 = Yes = No	***Single select***
25	***Metadata***	Are you the caregiver of ${child_name}? *[a_is_actual_alternative_caregiver]*	1.0 = Yes = No	***Single select***
26	***Metadata***	What is ${a_alternative_caregiver_name}'s gender? *[a_alternative_caregiver_gender]*	1.0 = Male 2.0 = Female 3.0 = Other	***Single select***
27	***Metadata***	Are there any other children within the household that satisfy the desired criteria but are not mentioned (Under your care, Grade between 3-6, enrolled in ${school_name})? *[a_is_other_child]*	1.0 = Yes = No	***Single select***
28	***Metadata***	What is this child's name? *[a_other_child_name]*	_____ ***(Text)***	***Text***
29	***Metadata***	What is ${a_other_child_name}'s gender? *[a_other_child_gender]*	1.0 = Male 2.0 = Female 3.0 = Other	***Single select***
30	***Metadata***	What is the actual grade for ${child_name}? *[a_child_grade]*	= Grade 3 1.0 = Grade 4 2.0 = Grade 5 3.0 = Grade 6	***Single select***
31	***Metadata***	Is ${child_name} (Child) currenltly enrolled in ${school_name}? *[a_child_school]*	1.0 = Yes 2.0 = The child currently studies at a different school but used to study at that school. 3.0 = The child has never studied at that school. 4.0 = The caregiver is not sure.	***Single select***
32	***Metadata***	What is the name of the school that the child is currently enrolled in? *[a_child_school_oth]*	_____ ***(Text)***	***Text***
33	***Metadata***	We will call back in future to speak to ${child_name}. If we fail to reach them on this number, is there an alternative number to reach them on? *[a_best_phone]*	_____ ***(Text)***	***Text***
34	***Metadata***	Enter the phone number again. *[a_best_phone_check]*	_____ ***(Text)***	***Text***
35	***Metadata***	Who is the owner of ${a_best_phone}? *[a_phone_owner]*	_____ ***(Text)***	***Text***
36	***Metadata***	Do you agree to participate ? *[a_caregiver_consent]*	1.0 = Yes = No	***Single select***
37	***Metadata***	Do you agree for ${child_name} (Child) to participate ? *[a_child_consent]*	1.0 = Yes = No	***Single select***
38	***Metadata***	Do you want to receive the full version of the consent form? It will be sent through SMS. *[a_receive_consent_form]*	1.0 = Yes = No	***Single select***
39	***Metadata***	What is your relationship to ${child_name} (Child) ? *[b_relationship]*	1.0 = Parent 2.0 = Guardian 3.0 = Grandparent	***Single select***

			4.0 = Sibiling 5.0 = Other (Specify)	
40	***Metadata***	Please specify (Relationship) *[b_relationship_oth]*	_____ ***(Text)***	***Text***
41	***Metadata***	What is your year of birth? *[b_caregiver_yob]*	_____ ***(Integer)***	***Integer***
42	***Metadata***	What is your current marital status? *[b_caregiver_marital_status]*	1.0 = Single 2.0 = Married Monogamous 3.0 = Married Polygamous 4.0 = Widow 5.0 = Divorced	***Single select***
43	***Metadata***	What is the highest level of education you have completed? *[b_caregiver_education]*	1.0 = None 2.0 = Primary 3.0 = Secondary 4.0 = Tertiary or above	***Single select***
44	***Metadata***	What is ${child_name}'s year of birth? *[b_child_yob]*	_____ ***(Integer)***	***Integer***
45	***Metadata***	How many people live in your household, including yourself? *[b_hh_size]*	_____ ***(Integer)***	***Integer***
46	***Metadata***	How many people are under the age of 18 in your household? *[b_children_under18]*	_____ ***(Integer)***	***Integer***
47	***Metadata***	How many meals did ${child_name} eat yesterday? *[c_meals_child]*	_____ ***(Integer)***	***Integer***
48	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Cereals, grains, roots and tubers, such as: ugali, rice, pasta, porridge, bread, sorghum, millet, maize, potato, yam, cassava, white sweet potato *[c_fcs_cereals]*	_____ ***(Integer)***	***Integer***
49	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Pulses/legumes, nuts and seeds, such as: beans, cowpeas, lentils, pigeon pea, peanuts *[c_fcs_pulses]*	_____ ***(Integer)***	***Integer***
50	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Milk and other dairy products, such as: milk and other dairy products [Exclude margarine/butter or small amounts of milk for tea/coffee] *[c_fcs_dairy]*	_____ ***(Integer)***	***Integer***
51	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Meat, fish and eggs, such as: goat, beef, chicken, camel, fish *[c_fcs_meat]*	_____ ***(Integer)***	***Integer***
52	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Vegetables and leaves, such as: spinach, onion, tomatoes, cabbage, kale, carrots, peppers *[c_fcs_vegetables]*	_____ ***(Integer)***	***Integer***
53	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Fruits, such as: bananas, lemon, mango, papaya, watermelon, orange, avocado, pineapple *[c_fcs_fruits]*	_____ ***(Integer)***	***Integer***
54	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Oil, fat and butter, such as: cooking oil, margarine, and other fats/oil *[c_fcs_oils]*	_____ ***(Integer)***	***Integer***
55	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Sugar and sweets, such as: sugar, honey and other sweets *[c_fcs_sweets]*	_____ ***(Integer)***	***Integer***
56	***Metadata***	How many days over the last 7 days, did most members of your household (50% +) eat any of the following food item, inside or outside the home? Condiments, such as: tea, coffee, cocoa powder, salt, garlic, spices, yeast, baking powder, tomato paste or sauce, and small amounts of meat, fish, milk or other food items consumed as a condiment *[c_fcs_condiments]*	_____ ***(Integer)***	***Integer***

57	***Metadata***	How long does it take for ${child_name} to travel to school ? (minutes) *[d_travel_time]*	_____ ***(Integer)***	***Integer***
58	***Metadata***	School fees - total that you have spent for the current term Hint: School fees include exam fees, motivation fees, remedial classes, etc *[d_school_costs_tuition_spent]*	_____ ***(Integer)***	***Integer***
59	***Metadata***	School fees - estimated future spending for the current term. Hint: School fees include exam fees, motivation fees, remedial classes, etc *[d_school_costs_tuition_future]*	_____ ***(Integer)***	***Integer***
60	***Metadata***	Uniform - total for the current year *[d_school_costs_uniform]*	_____ ***(Integer)***	***Integer***
61	***Metadata***	School meals - total that you have spent for the current term *[d_school_costs_food_spent]*	_____ ***(Integer)***	***Integer***
62	***Metadata***	School meals - estimated future spending for the current term. *[d_school_costs_food_future]*	_____ ***(Integer)***	***Integer***
63	***Metadata***	How many days did ${child_name} attended school over the last school week (from last Monday to Friday)? *[d_days_attended]*	_____ ***(Integer)***	***Integer***
64	***Metadata***	What was the main reason for ${child_name} to miss school? *[d_reason_absent]*	1.0 = Sent away for Fees/ Levies 2.0 = Sent away because of lack of uniform or books 3.0 = Sent away for disciplinary reasons 4.0 = Parents engaged the child in other activities 5.0 = Insecurity (includes inter-community conflicts) 6.0 = Child didn't want to go to school 7.0 = Calamities (drought, flooding, etc.) 8.0 = Sent to collect food ration 9.0 = Sickness 10.0 = Other (Specify)	***Single select***
65	***Metadata***	Please Specify (Miss School) *[d_reason_absent_oth]*	_____ ***(Text)***	***Text***
66	***Metadata***	Over the last week, how many hours in total did you help ${child_name} with their school work? *[d_hours_help]*	_____ ***(Decimal)***	***Decimal***
67	***Metadata***	What is the highest level you expect ${child_name} to reach? *[d_desired_education_level]*	1.0 = Primary 2.0 = Secondary 3.0 = Tertiary 4.0 = Other (Specify)	***Single select***
68	***Metadata***	Please Specify (Desire Education Level) *[d_desired_education_level_oth]*	_____ ***(Text)***	***Text***
69	***Metadata***	Which maths problems can ${child_name} easily perform? (Tick all that applied) *[d_child_maths_skills]*	1.0 = Addition 2.0 = Subtraction 3.0 = Multiplication 4.0 = Division 5.0 = Respondent does not know	***Multi select***
70	***Metadata***	${child_name} can catch up if school is disrupted *[d_view_on_edu_catch_up]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
71	***Metadata***	Teachers care about ${child_name}s learning. *[d_view_on_edu_teachers_care]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
72	***Metadata***	I trust the school to support my ${child_name}'s progress. *[d_view_on_edu_trust_school]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
73	***Metadata***	Schooling remains a priority even during difficult times. *[d_view_on_edu_school_priority]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
74	***Metadata***	I feel confident supporting ${child_name}'s learning at home. *[d_view_on_edu_confident_supporting]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
75	***Metadata***	I want to do more to help ${child_name} with their school work, but I don't know how *[d_child_school_support]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
76	***Metadata***	${child_name} has many worries, or often seems worried. *[d_child_worries]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
77	***Metadata***	${child_name} enjoys school. *[d_child_enjoy_school]*	1.0 = Strongly disagree 2.0 = Disagree 3.0 = Neither disagree Nor agree 4.0 = Agree 5.0 = Strongly agree	***Single select***
78	***Metadata***	Is ${child_name} (Child) available to speak now?	1.0 = Yes	***Single select***

		[e_child_available]	= No	
79	***Metadata***	Why is ${child_name} (Child) not available ? *[e_reason_child_not_available]*	1.0 = In school 2.0 = Busy at work 3.0 = Playing/out with friends 4.0 = Illness 5.0 = Other (Specify)	***Single select***
80	***Metadata***	Please Specify (Child not available) *[e_reason_child_not_available_oth]*	_____ *(Text)*	***Text***
81	***Metadata***	Are you ${child_name} ? *[e_is_child]*	1.0 = Yes = No 9.0 = Child is not available	***Single select***
82	***Metadata***	Do you agree to participate? *[e_child_assent]*	1.0 = Yes = No	***Single select***
83	***Metadata***	What is 29 + 45? (74) *[e_maths_add_two_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
84	***Metadata***	What is 56 + 38? (94) *[e_maths_add_two_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
85	***Metadata***	What is 416 + 167? (583) *[e_maths_add_three_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
86	***Metadata***	What is 529 + 263? (792) *[e_maths_add_three_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
87	***Metadata***	What is 85 − 59? (26) *[e_maths_sub_two_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
88	***Metadata***	What is 43 − 28? (15) *[e_maths_sub_two_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
89	***Metadata***	What is 480 - 259? (221) *[e_maths_sub_three_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
90	***Metadata***	What is 592 - 328? (264) *[e_maths_sub_three_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
91	***Metadata***	What is 12 times 15? (180) *[e_maths_mul_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
92	***Metadata***	What is 11 times 23? (253) *[e_maths_mul_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
93	***Metadata***	What is 73 divided by 10? (7 remainder 3 or 7.3)	1.0 = The child got the question correct	***Single select***

		[e_maths_div_1]	2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	
94	***Metadata***	What is 21 divided by 9? (2 remainder 3) *[e_maths_div_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
95	***Metadata***	A rock is 3 kilogram and 400 grams. An watermelon is 560 grams. What's the total weight if we combine them? (3 kilogram and 960 grams.) *[e_maths_weight_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
96	***Metadata***	A stone is 2 kilogram and 300 grams. A cabbage is 450 grams. What's the total weight if we combine them? (2 kilogram and 750 grams) *[e_maths_weight_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
97	***Metadata***	Rope A is 2 meters and 60 centimeters long. Rope B is 4 meters and 25 centimeters long. What's the total length if we combine them? (6 meters and 85 centimeters) *[e_maths_length_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
98	***Metadata***	Building A is 6 meters and 23 centimeters tall. Building B is 5 meters 11 centimeters tall. What's the total length if we combine them? (11 meters and 34 centimeters) *[e_maths_length_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
99	***Metadata***	What is 3/8 (three over eight) + 4/8 (four over eight) (7/8, seven over eight) *[e_maths_fraction_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
100	***Metadata***	What is 2/13 (two over thirteen) + 5/13 (five over thirteen) (7/13, seven over thirteen) *[e_maths_fraction_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
101	***Metadata***	If the day before yesterday was Tuesday, what day is today? (Thursday) *[e_english_logic_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
102	***Metadata***	If yesterday was Friday, what day is tomorrow? (Sunday) *[e_english_logic_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
103	***Metadata***	The dogs in the kennel _____ barking at the stranger. A. were B. was C. is (A. were) *[e_english_grammar_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
104	***Metadata***	The books on the shelf _____ dusty after the long summer. A.was B. were C. is (B. were) *[e_english_grammar_2]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***

105	***Metadata***	The word "quickly" means the same as _____. A. slowly B. fast C. quietly (B. fast) *[e_english_vocabulary_1]*	1.0 = The child got the question correct 2.0 = The child got the question incorrect 3.0 = The child gives the correct answer but is not able to convincingly explain how they got their answer / I don't believe they answered it themselves 4.0 = The parent was answering for the child / not letting the child answer	***Single select***
106	***Metadata***	The word "difficult" means _____.
